

December 21, 2009

Dear Exhibitor,

**Don't Miss International Aquatic Therapy Symposium 2010!** Be part of the Best-Attended Event for Aquatic Therapy Professionals. Take a giant step toward marketing success with the International Aquatic Therapy Symposium! See the attached Exhibit and Related Promotional Opportunities and sign up today!

You will be reaching your specific audience. Unlike many conferences where aquatics plays a small role in the exhibit hall or with the attendees, we have attendees from across the country and overseas who are aquatic enthusiasts!

You don't have to be in aquatics to benefit. Our attendees are healthcare professionals first! You will reach everyone at this multidisciplinary event!

Attendees include physical therapists, occupational therapists, recreation therapists, exercise physiologists, athletic trainers, kinesiotherapists, adapted aquatics instructors, physical educators, nurses, massage therapists, physicians, assistants, aides and more!

Attendees rank our exhibit hall as one of their favorite benefits of the Symposium. We average 25 – 30 booths, which offers you maximum exposure to qualified attendees.

We look forward to your involvement! Please call with any questions and return your agreement with payment by the deadline of **January 15, 2010** to have the best chance of reserving the opportunities you want most!
