

## **7-11-12 Elist Discussion on Making a Therapy Pool Profitable**

**On Jul 11, Helen writes:**

In the latest edition of Aquatics (the free magazine), on pp 20-25 is a wonderful article on making a therapy pool profitable. It is well written, with many good ideas.

If you do not subscribe to this magazine go to [www.rehabpub.com](http://www.rehabpub.com)

It is my guess it is free within the USA only but did not find that statement in the magazine.

Hi Helen. Which edition are you writing about? I can not seem to locate it when going to the website you provided.

I think this article is titled "One Unique Therapy Pool: Limitless Opportunities" by Jeffery Kallberg. It is Published in Rehab Management Vol. 25, No. 5 June/July 2012. pp. 20-26. Their website is [www.rehabpub.com](http://www.rehabpub.com). The website may not contain the article, but you will have the contact information to request a reprint.
